about putting things right again...if that's even possible.

When **grilled** by Megyn Kelly about his purported "war on women," Trump aptly **answered**, "I think the big problem this country has is being politically correct."

Kudos Donald! Hopefully, you'll move far afield of political-correctness when it comes to the overweening power Jews **wield** in America.

But with your real estate **investments** in Israel, **expanding** your Trump Empire into Jewish geographics, many of your followers may be in for a *really* big letdown.

I mean, after all, Trump wasn't **Grand Marshall** at New York's annual **Salute to Israel Parade** for nothing.

Donald is **reaching out**...for **Jewish support**. No way he's going to disappoint the Jews.

Jeb won't disappoint them either. He shuffles, ducks, swerves and jives.

Regarding his flip-flopping on the Iraq War, Kelly **asked**, "To the families of those who died, how do you look at them and say your brother's war was a mistake?"

Jeb **replied**: "It was a mistake. But for the families that suffer, everyone said their child didn't die in vain. Now, to honor those who died, we need to stop the Iran Agreement because the mullahs have blood on their hands."

Really, Jeb?

Your brother and the military don't have **blood on their hands** for the millions of innocent Iraqis they murdered and displaced?

BUT THE ONE who really deals in tripe and twaddle is pretty-boy Rubio.

When asked about veterans, Rubio **went** into "oratorio" mode: "God has blessed and continues to bless our country. And we have honored that blessing. He has blessed us with young men willing to sometimes die in uniform for the safety of our people."

Let the goys die young for the Jews! (After all, Jews **fund** Rubio's campaign.) Such a blessing! Jews get their wars and American Gentile youth (and innocent nations) bleed.

It's *oh so* risky being politically-incorrect.

Say what you will about women and Mexicans.

But when it comes to what you say about Jews, well, that's a whole different story.

Dear Real Jew News Family,

Look out! PURE entertainment is coming your way.

The dog and pony election show, kosher style, is running circles around the American sheep.

And guess who's the most beholden to the Jews? The Donald! Hip, hip, jewray!

I'm at a CRISIS point in my online ministry.

Hits are SOARING but Donations are DECLINING.

I thought by now I wouldn't have to worry about funding. This is not the case.

What I do online is a TERRIBLE way to make a living. I'm broke, at the edge of going into deep debt again, and deeply discouraged.

I make my living by typing on a computer keyboard.

It's a LOUSY living. It's a LOUSY way to make a living.

Can Someone(s) PLEASE bail me out with a generous contribution(s)?

URGENT APPEAL

I need to find a new place to live here in Summit County CO.

(It is important that I stay in this area.)

The place I'm living in now, (a downstairs apartment), was sold and the new owner, (who wants to make a greedy buck by renting the apartment on a nightly basis to out-of-town skiers), will not be renewing my lease.

It's impossible to find a place to rent in Summit County come October when skiers and second home owners settle in for the ski season.

I need to find a new place before October. Crunch time has come.

All the places I've looked at that are desirable are priced WAY ABOVE what I can afford.

Dear Brother,

It's almost impossible to come up with any valid reason why you are not getting the support you need, while getting so many hits.

Here in Australia, most people would rather argue the point as to why they will not support an "anti-semitic site" (Real Jew News) than actually LOOK at your site to find out if it really is something to be feared.

It's very sad to see so many people all over the English-speaking world so "brain bombed" that they can't resist the power of the MSM. This is part of Mystery Babylon, but maybe the people of Bali have one answer, be it analogist...

When you walk through a lonely place and you see an ugly witch standing in your way, turn your back on the witch and break her spell of fear.

We are bewitched by television, but don't need to turn our backs. We simply need to turn it off. Then support RJN.

Dear +BN,

Thank you for bringing forward the absurdities of the so-called Republican debate.

Jeb, you jackass, you are still part of the Bush oil tribe, which has more blood worldwide on its hands than the mullahs could ever accomplish.

You either don't have the slightest inkling, or just don't care, about actual Anglo-US-Israel-Iranian oil and pipeline history since at least WWII, do you?

Are you prepared to assume responsibility for the damage and suffering the United States of AIPAC inflicted on the Iranian people between 1953 and 1979 to prop up the lovely CIA-Mossad-MI6 puppet tyrant Shah of Iran for the sake of the Western-owned oil and pipeline corporations?

You know, those same oil corporations where British and Americans lived like princes, bleeding off the lion's share of petroleum profits, while the Iranian people employed by those same companies worked for cents on the dollar for doing the same jobs as their counterparts, while the ordinary oil workers lived in abject poverty.

The "mullahs have blood on their hands?" And what of it? Considering they called for the

popular uprising which legitimately overthrew the American, British, and Israel-backed Kingdom of Iran after 26 years of oppression and police state terrorism enforced by the infamous SAVAK, which the Jews rather admired, on an extremely impoverished people?

Jeb, do you know what the Iranians call the Iran Hostage Crisis? Conquest of the American Spy Den. There was never a time since 1953 until the revolution that the CIA did not have their meddling hands all over the lives of the Iranian people. I was in my late 20s when the Iranian revolution of 1979 occurred.

I'm sorry the captive Americans suffered at times from the cruelty of their captors during the 444 days as hostages. However, I'm sure they were still better treated than the Iranian people themselves who disappeared into the SAVAK dungeons and never came out.

And what about Abu Ghraib during the occupation of Iraq which happened on your brother George W Bush's watch? Did you ever see the photo of the military prison guard, probably a Jew from Israeli military intelligence, showing off his Zionist tattoo, complete with the flag of the crappy little Jewish state and the star of David?

<http://www.thetruthseeker.co.uk/?p=6220>

<http://www.apfn.org/NickBerg/agents.htm>

As cruel as the captivity of the Iranian hostages were, I read nothing about Iranians subjecting the American hostages to sexual depraved, sado-masochistic tortures as what went on in Abu Ghraib thanks to Mossad's reported coaching as "interpreters" for US military personnel at the prison, similar to what goes on in Israeli "administrative detention" of Palestinians for years on end.

The same kinds of police state terrorism under US-propped dictators were carried out in various South and Central American countries, which I'm sure your family is well acquainted with through various old business connections there, too.

Does "School of the Americas" ring any bells, Jebbie? So, when I read that some Iranians go out on the streets and chant "Death to America," it's a criticism we AIPACians ought to pay attention to.

If and when Jewmerica goes down, very few in the world will shed any tears. When the US of AIPAC is no longer the global bully, most of world will cheer and say "Goodbye to bad rubbish" and the sickening, wretched AIPACian hypocrisy about freedom and human rights.

Maybe then, as some in the world hope, Americans will come to their senses, and remember what it means to be an American, the way we were before WWII.

Pretty Boy Rubio wrote:"God has blessed and continues to bless our country. And we have honored that blessing. He has blessed us with young men willing to sometimes die in uniform for the safety of our people."

Hey, Rubio! Let me fix that for you.

"The Jews have bought and continue to buy the United States of AIPAC. And we of the political elite have sold our souls, our wives, our children (yours, too) and the country's future to jingle their blessings in our pockets for the illusion of power.

The Jews demand the young men of the United States of AIPAC to sometimes die in their mercenary uniforms for the safety of the Jewish people. So g-d bless Israel. In Israel We Trust!"

There, that's better, eh Pretty Boy?

And last but not least, dear +BN, that starting montage of The Donald is hilarious.

It looks like he's either got one monster of a migraine, or else he's channeling his old Jew pal and company attorney, Roy Cohn.

God bless you! Thank you for reminding us of what should be the moral dimension of politics.

If it is not obvious who the Rothschilds want for our president by now, I am disappointed. I have said all along it is Jeb.

Kissinger promised the Chinese three years ago that it would be Bush. Kissinger is the ultimate insider and introduced Evelyn Rothschild to his third wife.

Murdoch, owner of Fox 4, is a Rothschild agent and is in business with them in an oil company that is drilling in Syria right now. It is obvious that the debates were rigged.

Rand got the least amount of time and they brought out that he would cut or eliminate aid to Israel. Trump is next on the hit list because he is leading the pack and is not one of the established suck ups.

Much is owed to the Bushes. George H. W. ran the Kennedy assassination on the ground. This act put the money creation back in the hands of the Federal Reserve controlled by the Childs.

George W. was president when the Rothschilds ordered 9/11/2001 and in fact, Evelyn watched it from his perch atop a five star hotel in Manhattan (he rented the top two floors).

The Rothschilds created and own Israel. Bush invaded Iraq and Afghanistan as a part of a plan to take over seven countries for the Rothschild puppet state of Israel.

The City runs the US. I just got back from visiting the City. The Rothschilds run the City. I will let you figure out what the City is. It is not the Vatican though the City runs the Vatican.

A friend asked me why we do not have empires anymore like the Roman Empire. I told them that we have a financial empire that supersedes all nation states and will ultimately destroy them.

The U.S. is a military super state that will be used up to accomplish the goals of the financial empire.

"Once we squeeze all we can out of the United States, it can dry up and blow away."

To KathJuliane,

A few months ago I caught part of a video (PBS/World) about Israeli Mossad people operating in Iran. They talked about how great it was for them back then. For them, yes. But for victims of SAVAK who worked with and were trained by Mossad, it was hell.

My family lived there from '70 to '72. (I was about 10 yr old.) The news was so censored that our newspaper was as thin as a rural paper I once took here in Alabama. The AFRTS TV ran for only 2 or 3 hours a day with censored news and reruns of US variety shows.

At the American school, many students' families were contractors for companies like Bell. On the surface my father worked for a company that installed microwave communications for phone service. Later I realized that his slides of radar domes along the Soviet border were listening posts.

We attended a Bible Church run by missionaries. The missionaries in Iran had a hard go of it then and a harder one now.

So back in the US in '79, I paid attention to the end of the Shah. But one evil and extreme regime who took advantage of the people begat another, the Ayatollah who promised a secular religious regime only to unleash a vengeance that also hurt many. The Shah had SAVAK, the Ayatollahs have their basij.

One of my barbers showed me a picture from the 1950s. It has the Shah in a military uniform

at a standing table with a man in US military uniform and another man.

The barber said his father was with the CIA and was helping the Shah during and after the overthrow of Mossadegh. He said they lived very well in a nice three level house. (No surprises here; evil tends to live very well).

This country is SCREWED!

There are far too many sucker Zionists to wake up. The task is insurmountable, they actually believe that these sell outs, give a rats ass about the USA. When in fact their entire existence revolves around the raping and pillaging of the host nation and its fool citizenry.

The time has come for anyone who cares, to get their own house in order, and get out of the system a.k.a. Mystery Babylon. Prepare NOW, for the Demon Witch Hillary, to destroy any remaining resemblance of what we had.

America WILL reap what it has sown, for turning our backs on God's plan for us as a nation. By allowing the disease of Jewry to flourish in His land.

I lived in Iran in 70s too and still make a trip often, but your comparison of Mossad-trained SAVAK with bunch of young Iranian militia called basij is wrong.

Those Basij are mostly teenagers recruited from every Neighborhood mostly religious teenagers doing 2 years of service for military in urban cities it is not a life time career.

They were formed after the Shah's departure to fill the roll of the army which was no avail. And trust after Revolution, the same people who fought against Saddam imposed war.

If Syria had formed and trained the same militia, they would not have had their youngs get slaughtered by Saudi Wahabi/Zionist ISIS savages and wouldnt have been in this mess. Instead they would be fighting along side Syrian Army against western contrived terrorists called Daesh or ISIS.

The current government has many supporters in Iran contrary to what you think.

The Germans had this B.S. called "democracy" worked out in the 1920s. Just look at this 6 minute video. Its for our time!

https://www.youtube.com/watch?v=NWTdZiW_s2I

Compare:

a) German "democracy"/Wiemar Republic = 7million unemployed, 250,000 suicides in 3 years, hyper-inflation, Berlin the world capital for degeneracy, civil war brewing with Jewish led Bolsheviks being the chief trouble-makers, mass despair etc.

b) German authoritarian state under Hitler = unemployment down from 7m-1m within 3 years of Hitler coming to power; Goebbels ends Berlin's role as center of world degeneracy within 6 weeks; mass despair ends and Germany probably becomes the most joyous and united nation in history; political instability ends after Bolshevik trouble-makers rounded-up and imprisoned etc.

Its obvious we have been deceived on a colossal scale which is unsurprising when one considers who owns the banks, media and US and UK governments.

Greg Burton

"In politics, nothing happens by accident. If it happens, you can bet it was planned that way." FDR

President Bernie Sanders

It now appears that the Clinton Teflon coating, the immunity given the Clintons by the police and the MSM since Arkansas, Whitewater, Mena and Iran Contra, WACO, Vince Foster, the impeachment sexual scandals surrounding Bill Clinton, Office-gate ... appear to be ending with the Benghazi scandal that could end Hillary's political career with a criminal indictment.

So, if Hillary Clinton is going to be thrown under the bus, along with Bush dynasty heir apparent Jeb Bush, who was clearly out-shown by any other Republican at the GOP debate, won by Donald Trump, who is going to be maneuvered into a third party run that will split the Republican ticket; would it appear that the stage is being set for a Bernie Sanders Presidency?

As the above scenario plays out, Sanders will be portrayed as a centrist, a populist outsider, who will take care of America in his socialist "great society."

A society worn down by terror, endless war, racial strife, political fragmentation, gun violence, and an economic collapse brought about by CIA, Deep State banking clique that has enslaved them with hyperinflation and unpayable debt (dedollarization).

Cue Henry Kissinger and his UN troops in Los Angeles battling ISIS (drug cartel "al Qaeda") over "La Reconquista" that will fragment the United States.

A Sanders Presidency would guarantee Zionist top-down control of the United States. Here's my analysis:

Firstly, Sanders is a Zionist supporter of Israel and its current LIKUD occult Zionist leadership; and their genocidal treatment of the Palestinians.

If Sanders were not an atheist, a socialist, a Freemason* (Luciferian); was willing to confront and change Israeli leadership, embraced the law of the Torah, regardless of whether he was an "atheist" or a "socialist," and would work to resolve the issue with Palestine, it would be different. I could support his Presidency.

*FYI Karl Marx, was a Freemason posing as an atheist; and we all know what Marx, Lenin, Trotsky (another Freemason) did to Christianity and Russia; Germany after the Bolsheviks entered Berlin after WWII.

It has been through co-opted Freemasonry initiation, the secret societies that the satanic oligarchy (Deep State) has wrested control of the world from its peoples; this clandestine hierarchy, based on the Kaballah, even rooted in Nazism.

Secondly, because Sanders is unwilling to entertain the idea that the Deep State oligarchy is behind false flag terror; is unwilling to investigate that false flag terror implicated in 9/11; these non-stop serial mass shootings; the Boston Marathon bombing; America would be perpetually stuck in the "war on terror" milieu, the pretext used to enslave America in the DHS police state.

In the end, these terrorist acts have only benefited the multinationals of the oligarchy, the City of London financiers, and its nation state actor, Israel.

Thirdly, without questioning the mass shootings (gun confiscation) taking place in America, by acknowledging what could happen to America (Communist China, Bolshevik Russia, Nazi Germany, Armenia) if it had its guns confiscated, Sanders will easily capitulate to gun confiscation; eviscerating the 2nd Amendment; ultimately leading to the same genocide of millions.

Lastly, while Sanders spends a lot of time talking about healing the American economy, he would never dream of questioning the City of London, Federal Reserve, IMF, BIS private banking cartel that has been using debt-peonage to rule the world for centuries; and has serially interfered with US politics, its independence, since the American Revolution.

Sanders would never act to take back constitutional control of the US currency, and economic stability. Instead, Sanders will merely tighten the police state noose in the coming economic collapse of the US.

FEMA Camp Bernie: Would a Zionist, socialist controlled America treat Americans the way the Bolsheviks treated ordinary Russians?

Ultimately, a Sanders Presidency would be an additional concern in the documentable record of Israeli/Jewish (Zionist?) control of American life...

*Israel is strongly implicated in the 9/11 attacks (Dancing Israelis, Odigo, Zim Shipping). However, Israel is also the source for much of the intelligence information used in the so-called "war on terror" initiated by the 9/11 attacks.

*Israel has connections to the creation and support of Palestinian and Islamic fundamentalist groups, like Hamas and ISIS.

*Israel has committed false-flags against the US to engender support for its causes (Lavon Affair, USS Liberty).

*Israel lobby groups (AIPAC) dominate the US political apparatus.

*Israel commits most of the espionage against the US interests.

*Israel dominates the post-9/11 terror training of US police forces.

*Israel companies are spying on US citizens for the NSA.

*Israel contractors run many private prisons here in the US.

*Israel contractors ran security for the 9/11 airports and the Fukushima reactors, and are now providing security for US nuclear weapons.

*Israel contractor Elbit Systems, a drone manufacturer, providing drones in the war against Palestine, has a contract to patrol US borders.

Meanwhile,

*Jewish (Zionist) interests dominate the MSM and Hollywood.

*Jewish (Zionist) interests dominate the Federal Reserve, international banking, Wall Street

*Jewish (Zionist) organizations dominate the post-9/11 DHS security grants.

*Jewish (Zionist) politicians dominate the Senate and House intelligence committees, and Homeland Security leadership.

*Jewish (Zionist) political leaders are much of the driving force behind the gun control laws.

*Jewish (Zionist) Talmud is replete with many examples of gentiles being characterized as “sub-human”; providing dictates (mitzvahs) for them being treated in discriminatory ways.

When Israel Is Mighty: <https://www.youtube.com/watch?v=YSy6ENVAJIY>

Anti-Semitism?

Without even pointing out that it is racist for a small tribal cabal, led by Sanders, ruling the US, it all goes back to what I’ve already stated: if Sanders is unwilling to question Zionism, work to resolve the Israeli-Palestinian issue, free our country from the grip of false flag terror used to enslave us in a police state, confront the banking cartel running rough-shod on the planet, a Sanders Presidency only offers these Zionists complete top-down control; and that is completely unacceptable.

Think Bolshevik Russia. Think Red Army enter Berlin at the end of WWII.

What I see is more and more Zionist communist suppression of freedom of speech.

I see a clamp down on consumer’s rights in which they complain about the incompetence and/or crookedness of companies owned by Jews. Since the Federal Reserve is owned by Jews who owns the Post Office?

As for Hillary, I think she is a “whore of Babylon” but the U.S. government is also a “whore of Babylon” because it’s willing to go all over the world bombing innocent people for the Rothschild Jews that did 911 as long as the politicians get a few shekels thrown their way.

Trump isn’t done yet.

You have to remember that he doesn’t need the Jewish Support. The guy has billions, is worth billions and could give a whoot about who supports him. He is the Boss not some slave or someone to serve. You can see it in his body language here it in his voice that he is the one used to being in Charge.

He exposed the Political game as just that a game to the highest bidder. He even admitted that politicians can be bought and do what they’re told when they’re bought.

He just admitted Vaccines are scam too.

He has a lot of people panicking in the Tribe (Jewish Zionists).

But he is also huge businessman with Israel.

The only thing we have to watch is this...and it’s the worst outcome.

If Trump becomes President (and he the lesser of the evils) how much Power does the AIPAC Get?

We can see Trump being the businessman he is and making a Deal with Putin (not war) that would stop the Cold War Psycho Psychology they have right now on Russia, But...What about the AIPAC? What about the Jewish Holocaust Cry-Babies?

Because the Agenda is not just the Slavery of America it's the take over of Syria and destruction of Iran, this makes the AIPAC very scary!

Jewish Banks just won't stop till they get there way!

You also need to know that the Tribe all play on Trump's golf courses around the World! Trump even told Obama to just get out, go retire one of his golf courses.

A lot needs to be changed. Obama is still the Puppet of the Tribe no matter what you are reading about Israel and Obama's War of Words.

Trump would need to undo a lot of things that Agenda 21, DHS, and host of failed corrupt organizations in this country are doing now!

He would need to make this country a country of God-like Russia.

The sheeple are once again certain that by their thoughtful analysis and their voter participation, that they "the people" will pick the next POTUS.

Hahahaha, poor deluded fools, there's only going to be one coin toss before the big (fixed) game. And of course that famous, but ever reliable "Dualopoly" coin (this time Bush/Clinton) will be the one that's tossed. Heads we win, tails you lose. The fix is in, move along, nothing here to see.

So the sheeple will then go back to their bread & circuses, and continue munching on their GMOs, drinking fluoridated water, sitting spellbound in front of the boottube, as the degenerate Jews parade "Caitlyn" Jenner around in all of "her" heroic glory.

The Jews hate Christian morality, or anything that gets in the way of their filth, or their profits, or their continual debasement of the goyim, or of their ongoing assault against Christian civilization.

They are of their father Satan, and their secret coda is WWSD (What Would Satan Do) which has held them in good stead down through the centuries. So whatever it takes, whether it's buying Presidents, usurping laws, destroying morals, or lying, stealing and murdering their way to ultimate power, it's OK, it's a Jewish thing.

NO! ITS NOT OK. So do not despair oh, my Christian Brothers and Sisters, GOD ALMIGHTY declares: consummate evil will befall the House of Israel in the latter days and almost the entire global population of Jews shall be slain, for their rejection of Christ and for their blasphemy and wickedness.

And in Deuteronomy 31:29 "...and evil will befall you in the latter days; because you will do evil in the sight of the Lord, to provoke Him to anger through the work of your hands."

So keep the faith my Brothers and Sisters, for it is verily written:

The end for Israel and the Jewish Power throughout the planet will come suddenly in the space of one, brief but cataclysmic hour. Amen, Amen!

In Case You Missed It

This is a great comment by KathJuliane posted on the "Price Tag" piece I put up last week.

Dear Mark,

Allow me to take the liberty to give an answer, and I hope +BN will concur, and pardon the length of my reply.

Don't be snookered by Jewish fables and bibliomancy.

"Messianic Jew" Jonathan Cahn (Rabbi Con), President of the extremely lucrative Zionist Hope of the World Ministries and Senior Pastor and Messianic Rabbi of the Jerusalem Center/Beth Israel in Wayne, New Jersey, is a Talmudist and known Kabbalist, especially of the blasphemous Zohar.

Cahn's hypothesis the Mystery of the Shemitah is that God has visited warnings and/or judgment against the United States according to a seven-year cycle going back many decades.

Although America is deserving of God's judgment and a call to repentance is definitely in order, and we Orthodox and many other Christians in America do pray for such, the foundational premise of Mystery of the Shemitah is biblically flawed from the outset.

And don't get me wrong, even though we are not under the national Law of Moses since it was fulfilled in Christ, but that the Law, in the words of Apostle Paul, has become guide and tutor as to what is sin worthy of death, there are powerful dynamic spiritual laws in effect.

We are in spiritual warfare with the Synagogue of Satan. The US of AIPAC is certainly slinking down the path of Sodom and Gomorrah and will eventually hit bottom from destruction from within or from outside or both. America is getting crazier all of the time, and we are getting used to it like the proverbial boiling frog.

But when it comes to a judgment on America, I also look at the wisdom found in our father Abraham's bargain with God, when the Lord stated that for the sake of 10 righteous men in the Sodom and Gomorrah He would stay execution of his judgment if they could be found.

As it turned out, the investigating angels determined that there was only Righteous Lot and his family, and that they had to leave the city before God could execute judgment.

I fully believe that this spiritual law is in effect today, that somewhere here in the good old US of AIPAC there are at least 10 truly righteous souls and certainly many more, (I pray a lot, but I know I'm not one of them) and that for their sake God suspends His just judgment on this country.

Christians are not under the national law of Moses but under the older covenant God made with Abraham and fulfilled in Christ.

I don't think God will have to do anything because our wicked, selfish and inept Jew-owned and inspired political class and incompetent, narcissistic and psychopathic leadership are quite capable of destroying America and a good part of the world without God's help.

Anyway, where in the Bible does it say that America was led by Moses and showed up at Mount Sinai so that we come under Israel's national law?

Rabbi Con, touted by Judaizers as an "endtime prophet," and who claims to have direct revelations from God, struck a gold mine peddling his unbiblical and scripturally distorted books to gullible "Judeo-christians" always eager to pay for the entertainment of the vast evangelical Endtimes popular market.

He raked in a veritable stream of gold with his first book, the Harbinger, which soared to the top of the charts thanks to Judaizers. He and other charlatan Judeo-Christian Zionists play off of each other's flights of fantasy—most recently the "prophetic" flop of Hagee's pseudoastronomy of The Blood Moons.

And, Con gets a lot of coverage Sid Roth's show "It's Supernatural." Sid is a true dual citizen American-Israeli Jewish pal and fellow spiritual huckster of Rabbi Con.

Con's first book, The Harbinger described "14 mysteries" one of which is the Shemitah (Sabbath year), which Cahn based his third book on. From the Harbinger he builds on the concepts and theories first presented in the Harbinger.

With 12 or 13 "mysteries" to go, Rabbi Con can publish a lot more money-making serial books for himself, which can just go on and on and on like the Left Behind series so popular in the 80s and 90s. He connects the so-called Shemitah judgment with his interpretation of Isaiah 9:10.

Rabbi Con's fundamental premise of The Mystery of the Shemitah is that not only did God require the nation of Israel to observe the Shemitah/Sabbath year, but that there is also a mystery connected to the Shemitah such that there is a seven-year cycle woven into the very fabric of history and the order of the universe—a cycle that can and does affect other nations and even the entire world.

According to Jonathan Cahn, this mystery manifests itself through various calamities, including natural disasters, wars, and financial crises that tend to occur according to this seven-year cycle on the Hebrew calendar when God is trying to get the attention of a nation and warn her of impending judgment.

The word Shemitah refers to Sabbath year observed in ancient Israel, when all working of the land ceased, the land rested, according to a very precise calendar schedule. This took place every seventh year. On the last day of that year, all debts were wiped away, all credit was nullified, the financial accounts of the nation were, in effect, wiped clean.

Later on, in Israel's history, as the nation turned away from God, the Shemitah became a sign and manifestation of judgment on Jerusalem and the rump state of Judah, the the southern Kingdom's destruction in 586 B.C. and its exile in Babylon were timed to the years of the Shemitah.

Among other serious sins, the Israelites disobeyed the Lord's command not to take foreign wives who came from nations where idolatry and the worship of false gods was practiced (Deuteronomy 7:1-5). As a result, the idolatrous practices and pagan worship of those nations became an integral part of Israel's own religious practices.

Consequently, the worship of the one true God was largely abandoned and the Law of Moses was largely ignored.

The Righteous King Josiah [Yoshiyahu - 'supported of Yah'] under the discipleship of Prophet Jeremiah was the last of the kings of Judah to return the people to the Law of Moses and the restoration of the worship of YHWH, extinguishing pagan worship among Israel in the southern Kingdom.

God stayed His hand from executing judgment on Judah for the sake of His righteous servant, King Josiah. After his death, his sons turned the people back to idolatry breaking the covenant with God, and rebelled against Babylonian rule, thus breaking the stipulations of the Suzerain/Vassal treaty between the king of Babylonia and the king of Judah.

God started the prophetic countdown again on the decreed judgment of Israel He'd given a stay of execution because of Josiah, and was spoken by His servant, Jeremiah to the apostates of Judah.

These Suzerain/Vassal treaties contained a section listing the blessings and curses of the Suzerain. If the stipulations are met by the Vassal, he will receive the Suzerain's blessings, which are listed in terms of rewards.

If the Vassal fails to meet the stipulations, he will receive the Suzerain's curses, which are also listed, and included such dire warnings of gruesome punishments for breaking the covenant as gouging out one's eyes, cutting out one's tongue, maimings, imprisonment, killing one's wife and children before one's eyes, exile, property appropriations, imprisonment, and so forth.

The Covenant Law of Moses is also set up like a Suzerain/Vassal treaty between God and the nation of Israel — God promises His blessings for a faithful and repentant Israel, and His curses for an unfaithful and stiff-necked Israel, and in the process of progressive chastisements, if Israel repented, the consequential punishments were mitigated by God.

By the end of the sixth century B.C., Israel had failed to observe a total of seventy Sabbath/Shemitah years encompassing 490 years. In judgment against Israel's pervasive and persistent sin, God used the Babylonian empire to execute judgment upon the southern kingdom of Judah beginning in 606 B.C., just as He had used the Assyrians over a century earlier against the northern kingdom of Israel.

In addition to ultimately leveling Jerusalem and destroying the temple, the Babylonians carried away large numbers of Israelites into captivity—a captivity that lasted for 70 years—one year for each Sabbath year that the nation had failed to observe the Shemitah.

Thus, because of this God-imposed Shemitah with the Israelites being in captivity in Babylon, the Promised Land "rested" for the same number of years that the Israelites had failed to allow the land to rest as the Lord had commanded (2 Chronicles 36:20-21).

The Shemitah was an obligation given specifically and exclusively to the nation of Israel as tenants (not owners!) leasing the land of Israel as part of the Law of God as given to Moses at Sinai.

One of God's reasons for instituting the Shemitah was to show the people of Israel (and by extension the nations around Israel) that He is the one true God and Lord of Creation and Nature, that by showing His direct actions according to a precisely set schedule that Israel was to comply with, He was in control of the agrarian cycles and seasons, and not the false-gods of fertility and vegetation cults that Israel was supposed to reject.

There is no biblical support for the idea that God would either require any other nation to observe the Shemitah year or that He would impose a Shemitah-type judgment according to a seven-year cycle on any nation as He did upon Israel. And the Shemitah is certainly not anything that our Lord Jesus Christ or any of His apostles ever taught, or has ever been taught by the Church Fathers or in the 2000 year old history of the Orthodox Church.

Beyond this, the Shemitah, being a Sabbath and an integral part of the Law of Moses, was completely fulfilled in Christ and is no longer in operation (even it actually did affect other nations prior to Christ's sacrifice on the Cross).

The book of Hebrews sheds light into the matter of the Sabbath for believers in Christ. In order to prepare Hebrew Christians of the circumcision for the soon-coming destruction of the temple, in chapter 4, Apostle Paul states that those who have believed the gospel have already entered into God's Sabbath rest by faith—which would include both the Sabbath day and the Sabbath year (Heb:4:1-3; 8-10).

The Sabbath year also implies the seventh of Sabbath years (49th year) and the following 50th/1st year of the Jubilee (which was the first year of the new 49 year cycle of Sabbath years) which has a subtle mystical message linked the day of Pentecost, the Day the Holy Spirit descended on the Apostles.

Therefore, because Christ fulfilled the Law, God does not impose a Sabbath day or a Sabbath year (the Shemitah) upon Christian believers. The Church Fathers taught in answer as to why the Christian does not keep the Sabbath (day or year) that if Jesus Christ came not to destroy the law, but to fulfill it, because what was prefigured in the Sabbath is fulfilled in Christ.

For we have our earthly and eternal Sabbath in Him who said, "Come unto Me, all ye that labor and are heavy laden, and I will give you rest. Take My yoke upon you, and learn of Me; for I am meek and lowly in heart, and ye shall find rest unto your souls." (Matthew 11:28-29).

In Orthodoxy, the Seventh Day (Greek: Sabbato) in our weekly prayer cycle is honored as the day of the week that Christ lay in the tomb. Many of the devout will spend that day in an attitude of prayerful repentance in preparation for receiving the Holy Eucharist the next day. The First Day of the week in Orthodox churches is the Lord's Day (Kyriaki) because of the Resurrection, which is the mystical Eighth Day signifying eternal life..

Under their national law, the ancient Israelites were not to work the land at all in the seventh year, and wealthy lenders were required to forgive debts owed to them. The land was never bought or sold, as it was allotted tribal lands which stayed for generations in family lines, so there were no mortgages.

Loans were most often in the form of goods rather than money, such as borrowing wheat grains for planting. Or, an Israelite could sell himself or a family member into a 7 year servitude to pay off their debt to the lender.

At least 90% of old Israel's economy was agricultural and pastoral which the Shemitah was directly linked to. Less than 1% of Americans are farmers and agriculturalists, and indentured servitude went out of fashion in the 1800s with the abolition of slavery.

Then, when Israel turned from God to idolatry and disobeyed the Law of Moses, He imposed the Shemitah on Israel by sending the nation into captivity in Babylonia, collapsing the entire economy. Everyone lost everything.

Not only was it an agrarian cycle, but it was an economic one, as well. On the last day of the Sabbath year, lenders were required to forgive or "release" (the meaning of "Shemitah") borrowers from the obligation of repaying their debts. (Deuteronomy 15:1).

More than 2,000 years ago, the clever rabbis figured out how to get around this, and still remain within the "letter of the law." Hillel the Elder, in the first century B.C., used the rule that remittance of debts applies only to debts between Jews, to develop a device known as Prosbol in which the debt is transferred to a Beit Din (religious court).

When owed to the court rather than to an individual, the debt survives the Sabbatical year.

This device, formulated early in the era of Rabbinic Judaism when the Temple in Jerusalem was still standing, became a prototype of how Rabbinic Judaism was later to adapt to the destruction of the Second Temple and nominally maintain a system based on Biblical law under very different conditions.

Funny how Rabbi Con doesn't address this cute little Jews'-only loophole at all in their perpetual quest to outwit God, which meant someone would be in debt bondage for more than seven years, and sometimes for life.

Anyway, if Israel failed to keep His commandments, however, including the Sabbaths, the Lord warned in His Suzerain treaty: "I will scatter you among the nations and draw out a sword after you; your land shall be desolate and your cities waste....Then the land shall rest and enjoy its Sabbaths...for the time it did not rest...when you dwelt in it" (Lv 26:33-35).

Centuries later, Scripture records that Israel experienced precisely this judgment because they had abandoned God's laws and turned to pagan gods. Because Judah had not observed the Shemitah for seventy cycles, our more than patient Lord God sent the nation into captivity for seventy years. This imposed Shemitah judgment was very specific and involved only the nation of Israel.

Since no Gentile nations were ever obligated to keep the Shemitah, there is no scriptural basis for suggesting that any other nation would ever experience an imposed Shemitah judgment. Yet, this is precisely what Rabbi Con suggests that America has experienced.

Con also wrongly implies that the Shemitah is essentially a mysterious universal principle that is somehow integrated into the order of the universe. Cahn makes the following assertion in his book the Harbinger:

"Seven years—the biblical period of time that concerns a nation's financial and economic realms."

Although Israel was on a precise, scheduled seven-year economic cycle, no biblical passages support Cahn's idea that natural economic cycles of seven years exist for nations in general.

Furthermore, while the US economy has had its ups and downs, not one financial expert has identified any exact seven-year economic cycle which starts and stops on the Mosaic new year.

Rabbi Con used some economic graphs in Mystery of the Shemitah without citing any sources, but even so, those graphs show that "bearish" or "bullish" swings vary from exactly seven years by several years too many or too few, and those swings start and stop at any time of the year. The Shemitah in Israel was to commence on a certain day, and would then end on a certain day a year later (or two if it were the Jubilee).

Ancient Israel's economy was not based on deficit spending and huge debts as is true in America today, but on agriculture. In 2014, almost everyone has personal or corporate debt of some sort—and in many cases the debts are staggering.

Consequently, if those debts were wiped off the books at once, the entire U.S. economy would collapse since it is a consumer debt-based economy. Even instituting major reforms for a realistic nationalistic economy and financial system would likely take decades to make the transition, if we're not forced into it by the entire system collapsing under its own weight.

In contrast, there was most likely very little debt in ancient Israel as compared to America today. As an agrarian society based on barter, cattle-money and to a lesser degree circulating coins, wealth was mostly measured in the fruitful productivity of the land through one's labor.

Loans were usually in the form of agrarian products, such as borrowing wheat or barley seed for planting (or borrow cash to buy seed from someone else) if one's own harvest was wiped out from which next year's seed would come. There was no banking or lending system backed by the FDIC in ancient Israel or even the Roman Empire, meaning that all loans were personal.

Unlike today, only those who were poor were borrowers and only those who could afford to write off debts were able to give loans in the first place. In fact, there were a couple of provisions in the Shemitah laws for not wiping debt off the books—if a borrower was not an Israelite and if the entire country was prosperous.

Rabbi Con's whole Harbinger schtick, which the Shemitah thing comes from, is built around on the cherry-picked text of Isaiah 9:10, where he claims that the Trade Center Disaster was the fulfillment of this text-proof "prophecy," abusing the nature of prophecy in the process as the false-prophet that he is.

Prophecy is not synonymous with predicting future events, although prophecy, which means an oracle or word from God, can included prediction of future events, even certain far distant ones. A prophet was a mouthpiece, a spokesman for God who spoke by direct revelation of the Holy Spirit.

Was Isaiah telling Israel about the far distant future destruction of the Trade Towers? Methinks not.

In its entire context, however, Isaiah 9:8-21 is all about God's chastisement of Old Israel's unrepentant apostasy and idolatry through the Assyrian invasion. The judgement of the house of Ephraim, the leading dynasty of the Northern Kingdom of Israel, and the inhabitants of Samaria, is an object lesson for Judah.

Isaiah's is basically mocking Judah as being just as proud and haughty as Ephraim and

Samaria were, and look how the Assyrians brought them down. Verse 10 is part of the oracular warning to Jerusalem and Judah about their stiff-necked haughtiness, unrepentant wickedness, and proud hearts.

The KJV reads: The bricks are fallen down, but we will build with hewn stones: the sycamores are cut down, but we will change them into cedars.

The LXX reads: The bricks are fallen down, but come, let us hew stones, and cut down sycamores and cedars, and let us build for ourselves a tower.

I can see 9-11 in that, can't you? (Not.) Never mind the fact that the Trade Towers were neither constructed of clay bricks, hewn stones, sycamores or cedars, but of cement, steel and glass.

And while it is certainly true that leadership and a large part of America had best look to these verses as object lessons and perhaps avert eventual disaster with a change of heart, just as Christian kingdoms have done or else ignored in the past, there is no specific prediction or mystical connection of America to the prophet Isaiah or anywhere else in the Bible.

Rabbi Con knows the future of the United States of AIPAC because he can see it in the space between two words in the Bible. Wait!

Wait! Just wait a minute. I think I do see "America" in the KJV version after all:

The bricks Are fallen down,

but we will build with hewn stones:

the sycamores are cut down,

but we will Change them into cedars.

Rabbi Con goes to great lengths in trying to show from the Bible and history that God has imposed a Shemitah upon America, and yet he fails because nothing has happened in America that even roughly parallels Israel's being forced to leave the land completely fallow.

The only message I consistently hear from Rabbi Con and the other Judaizing cons is simply repetitive: If the US of AIPAC does not repent and turn back to God, start treating other countries decently and with respect, stop waging endless wars to bolster the Judaized civic religion of "American Exceptionalism" we can lose our country.

And charismatic Jewish rabbis (the more "messianic" the better) and their fellow Zio-Christian hucksters like Hagee suck in huge amounts of money for it because people are very hungry and thirsty for Christ in an American spiritual desert with dry wells and few oases.

I don't, nor should any sober-minded person need, "Rabbi" Con's pseudo-prophetic pronouncements of the obvious to see that America is spiritually bankrupt and in moral trouble, that the people are driven by a Mammonite culture consuming the economy, and the chronic mismanagement by the political and financial elites of the klepto-corporatocracy.

We Christians should not be quoting or promoting any Jewish rabbis, whether they claim to be followers of Jesus or not. They are not to be given any credibility whatsoever.

Two of the three, or maybe all three kids of "The Donald" are married to or are betrothed to Jewish folks.

So, "The Donald" has to be careful how he tap dances around the "Chosen Ones", doesn't he?

The fact that "The Donald" is already in bed with the Israelis doesn't bode well for our country if he gets elected.

I won't look good wearing a yarmulke!

It seems to me that Christ himself stated that not one bit of the law would pass away before heaven and earth passes away.

Therefore every law, judgement and institution that God ordained in the Holy Bible is still in force whether man says yea or nay.

Grace and mercy is for the repentant not the reprobate, and salvation is by grace not race.

For your consideration:

I finished reading "The Harbinger" about a month ago. Let's not get into how I came upon a copy and what motivated me to read it.

Years ago attending an Imperials concert, they pause during their performance to deliver a sermon of sorts. Their lead singer goes on to describe the Sabbath years and the Year of Jubilee. In conclusion, he boldly states, "Jesus is your Jubilee!"

This is not exactly profound but it is good to know that we are no longer under the burdens of the Law, that our Lord and Savior, Jesus Christ, becomes our Jubilee and there is no longer the requirement to fulfill the lawful obligations as has been done over centuries of Jewish custom.

In reading "The Harbinger," it becomes apparent to me how the Sabbath year, every seventh year, is still being invoked by Jewish interests in a rather underhanded way. I have read from economists how economic "disasters" tend to occur in regular seven year cycles. Some go so far as to say there exists some divine attribute to these cycles which should be abided by as far as financial planning and preparation.

Considering how much national economies and the global economy are manipulated by Jewish interests, should we be surprised when a currency crisis occurs or when equity markets tumble? According to the Sabbath rule and Jubilee rules (you know these well enough, please bear with me), all property reverts back to its original owner while all debts are forgiven and dismissed.

One can surmise how the earliest implementaion of the Sabbath year and the Year of Jubilee went well for the newly established Israel in the Promised Land after Joshua lead to its conquest. However, owing to human nature, I can't help but think that after a couple of centuries, the Sabbath year and the Year of Jubilee would be manipulated to where the intent of these holy days was corrupted for personal gain.

How likely is someone to loan out any amount to someone when the YOJ is within four or five

years? There had to be people who borrowed immensely leading up to the YOJ with the intent of having their debt forgiven. Those making the loans would be left without the funds while those taking out loans would be enriched.

While the Lord provides the best of intentions for His people, those people eventually corrupt that intent for their own personal gain.

From what I am seeing, the Jews are enforcing these Sabbath years along with what they are saying are Years of Jubilee for their own purposes. Instead of property reverting back to original owners, they are taking the role of "original owner" and taking that property for themselves.

Likewise, as far as loans and debts are concerned, they are collecting and foreclosing as if they are the ones in debt. Add to this the Kol Nidre prayer and we have what may be described as "black hole banking" whereby the Jews take and take and take on the premise that the goy of the world are their servants, less than human, and are to be milked, sheared and slaughtered for the good of the Jews.

"The Harbinger" acts in some ways like "The Protocols." It lists out a game plan of forthcoming events. When "The Protocols" are read, you get a good idea of what is happening in terms of social, cultural and economic manipulation in the world. "The Harbinger" is not Christian at all in its perspective. It might as well state "Israel performed the destructive acts seen on September 11, 2001 as well as the economic manipulation which lead to the collapse of the housing market and its subsequent depression in 2008."

As for the Jews, they still believe the old rules still apply and should be imposed on those they would call, "unbelievers."

As for Christians, I continue to recommend reducing contact with banking and financial institutions in this country and elsewhere. Get out of debt, stay out of debt, invest in tangible and useful items which will allow you to subsist on a simpler level.

It's obvious that Trump is a Clinton/Establishment operative. His goal is to be popular enough with the naive hijacked "Tea Party" types so he can run 3rd party.

That, along with the electronic vote rigging machines, would enable the psychopaths to install Ms Stalin as "President".

This has been my personal biggest fear for 20 years now.

In the event of a Jewish regime in power, where would Trump stand, one may well ask.

(The report that George Bush signed a charter for the Noahide Laws is also to be considered).

Ivanka is married to a Talmudic Jew, married to Jared Kushner, we learn.

Present cronies are Jews.

He loves Israel and the love is apparently reciprocated.

Unless there is a conversion to Judaism, this political Gentile would be one of the despised.

Trump obviously has the skill and craving for the accumulation of more and more wealth.

To have it all stolen with him a slave, would be too much to bear, especially a President, should he succeed in his race to the White House.

Perhaps he is a Crypto-Jew.

Ft. Nolan's comment is noteworthy.

It is interesting that The Imperials sang 'Jesus is the Jubilee' as he informed us.

Indeed, Jesus epitomizes each book of the Old Testament in relation to its core message.

A five minute money lesson:

Let's suppose you are the only bank on Earth.

Now, let's imagine that there are only two dollars in the entire economy - and that the entire economy consists of only one farmer and one manufacturer.

This is simple - you can easily explain this to anyone using 8 quarters. Go grab 8 quarters and follow along.

The farmer comes to you to borrow money to buy some equipment he needs to plant his crops. At the same time the manufacturer borrows money to make the equipment the farmer needs.

You loan each of them one dollar - at 50% interest - for one year. At the end of the year, each will owe you \$1.50. Or twelve quarters in total.

I'm using an exaggerated 50% interest rate here to quickly and clearly illustrate how the scam works. In truth, ANY AMOUNT OF INTEREST WILL END IN THE SAME RESULT.

So, place two stacks of quarters on the table. One representing the loan to the farmer and one representing the loan to the manufacturer.

Both the farmer and manufacturer work hard all year — but all you have to do is wait. At the end of the year when the loan is due you will collect \$3.00 on the \$2.00 you originally loaned out.

But, there were only two dollars in existence at the start. Where did the extra dollar come from?

The third dollar doesn't exist. It's a trick.

The third dollar can exist only if extra money is added to the economy. In this case no extra money was added to the economy.

The money you loaned the farmer and manufacturer circulates between them. The farmer bought equipment... the manufacturer sold equipment.

At the end of the year, when the loan is due, the manufacturer has made money from the farmer and is able to pay the \$1.50.

Take 2 quarters from the farmers stack of quarters and give them to the manufacturer. Then give these to the "bank" in repayment of the manufacturer's loan.

But now there are now only 2 quarters left.

Of the original \$2.00 in this mini economy, the bank now has \$1.50. The manufacturer has none.

Unfortunately, no matter how hard the farmer worked and no matter how good his crop, there's only \$0.50 left in the economy - but he owes \$1.50.

When the farmer can't pay... you take his farm.

And that was the plan all along.

How did this happen?

BECAUSE YOU CANNOT PAY WITH MONEY THAT DOESN'T EXIST.

Now you know why and how America is going broke.

Trump's heavy Jewish ties certainly would not seem to bode well. Yet in spite of these deep ties the Jew-controlled U.S media keeps giving him a rough time.

Classic Jewish tactics were at work in the Fox debate:

<http://davidduke.com/washington-post-loves-the-jewish-cuck-fox-lynching-of-trump-in-the-debate/>

Even if you endlessly suck up to the Jews on their most important issue, Israel, it's still not enough for them. Their lust for power and control knows no bounds and is rooted in their blood.

Despite his previous ties to the Clintons I don't think Trump is an operative running to get Hillary elected. He is angry at the state of the country but seemingly oblivious to the shadowy Jewish forces at work.

Unless someone asks and demands a straight answer from Mr. Trump, "if war were to break out in the M.E., would he, as POTUS, commit US troops to the battle, commit our troops to NATO, commit our troops to Israel, commit our troops to fighting Iran, commit NO US troops to anything, or ignore the Middle East completely and concentrate in keeping China in check?"

For all his high sounding statements, will Mr. TRUMP be strong enough to say NO to Israel?

Jeb Bush was an original signer (along with mostly neocon Jews) to the Project for a New American Century document from the 90s that called for a "New Pearl Harbor to get Americans to support per-emptive war"

He has not changed his position.

In order to make the failed Iraq war right we need to attack Iran.

Hi Bro. N,

Great post!

KathJuliane has smashed Jeb's presidency. Is there a way we can send the comment to Fox moderators? I wish someone asked the very questions that KathJuliane stated here on his comment.

Americans need to read this post. Jeb is clueless and his addict brother.

Trump is finito!

He reminded me of Satan who tempted Jesus to bow at his feet and would display the grandeur and the wealth of the nation. It seems that Trump et al have worshipped Satan to get all those billions. The man is getting senile. You know, why? He cannot be at peace and serve God and mammon.

Hi Bro. N,

I am glad you discussed about Rabbi Con and Shemita. I knew the day I saw his face on TV that he was part and parcel of 9/11. He was the one who was peppering those scriptures from Isaiah 9 and others to the politicians to claim the promise prophetically. Oh, give me a break! Such blasphemy!

Yeah, Shemita, Shemita, Shemita for the Jews in Wall Street! Steal all the money and you will be pardoned with Shemita..

Rabbi Con, is scary! He is all over the World Net Daily.com. He has brainwashed the WNDers.

August 12, 2015 @ 12:18 am

@FTNolan

Rabbi Con was warning the Americans of financial doom and gloom ahead of time similar to that 9/11 alert made using Isaiah 9 scripture.

Rabbi Con is well aware that the Jew mafia will be stealing America's treasury system and he is desensitizing them with Shemita crap.

Yes, bountiful harvest this year by September 20th?
